

William Skookum – Willz Carving Company

(867) 456-4234

William originally comes from Surrey, BC. His Northern Tutchone roots combine with ancestors from the Huron, Sioux, Kaska, and Algonquin First Nations.

William recalls the woodworking skills of his grandfather which ranged from carving out canoes to building log cabins. He has been working on his drawing skills since he was first able to hold a pencil.

In 2005-07, he studied under carvers Calvin Morberg and Vernon Asp in the Sundog Carving Program which also involved a business training component.

Current productions from Willz Carving Company include ceremonial paddles, masks, plaques, spoons, bowls, and trays. William has sold artwork that is now displayed across Canada, and hopes to continue expanding his profile as a Yukon artist.
